Choosing this button will display the emergency phone number for service requests

Utility Locates

Choosing this button will display the Utility phone number for Locate service requests

Family Housing

Choosing this button will display The Villages phone number and website for Family Housing service requests

Army Maintenance Application

Choosing this button will display a link to ArMA – the Army Maintenance Application

Service Order

Check Status

Choosing this button will allow users to check the status of a Service Order Request – if they know the Service Order number or their ArMA Number

4283 Request

Download 4283 Forms

Choosing this button will allow users to download a 4283 form in PDF or Excel.

4283s Online

Choosing this button will allow users to submit a 4283 electronically, see a list of previously submitted 4283s, email, view, or download a 4283 that has been submitted and Check 4283 Statuses by entering the Job Order Number or Document Serial Number.

Contractor Customer Feedback

Submit Contractor Customer Feedback

Choosing this button will allow users to submit feedback about the work TIYA Services performed or on the Moore Work Request App where service requests and 4283s were submitted.

Service Order Request

Emergencies

Call DPW Work Control Desk at [706-545-2135](tel:706-545-2135)

For emergencies and issues that need immediate attention.

Utility Locates

Call the Utilities Protection Center at [800-282-7411](tel:800-282-7411)

Georgia law mandates that, before beginning any mechanized digging or excavation work, you must contact the Utilities Protection Center at least 48 hours but no more than 10 working days in advance to have utility lines marked.

Family Housing

Call The Villages at [706-685-3929](tel:706-685-3929)

Visit their website here:

www.villagesatfortmoore.com

Army Maintenance Application

Visit the Army Reporting Maintenance Application (ArMA) website here:
www.armymaintenance.com

The Army Reporting Maintenance Application (ArMA) will allow Soldiers and their Families to report maintenance requests on a computer or smart phone through a publicly available website. New users can sign up on the ArMA site.

Service Order

Check Status

Users can check the status of any Service Order – by entering the ArMA Case Number or the Service Order Number

Service Order Status

Please enter your ArMA Case Number to check the status of your Service Order. If your inquiry does not return a status, please check with the Work Control Desk at 706-545-2135 for your current status.

COMPLETION INSTRUCTION FOR DA Form 4283 - FACILITIES ENGINEERING WORK REQUEST

(Part "A" completed by requestor per instructions below)

(Part "B" completed by the DPW in accordance with local procedures)

PART "A"

CUSTOMER ID: One to three alpha numeric characters per local DPW policy.

A code used to identify the user, occupant, owner of a facility, or the organizational activity submitting a work request.

DOCUMENT SERIAL NO: Must be five alpha numeric characters. Based on local procedures, this number may be generated and entered by the requestor or computer generated and assigned by DPW. It is a number which indicates a place in a series and when used in conjunction with installation number, customer identification, document type, and fiscal year, it uniquely identifies one document of a particular type.

FISCAL YEAR: The last digit of the fiscal year; i.e., '3' for Fiscal Year 2003.

TYPE: Leave blank; DPW Work Reception will complete

SHORT JOB DESCRIPTION: Up to 30 alpha numeric characters that provide a description with a concise summary statement of the work to be performed.

DATE: The date Work Request was completed (Format - 15 JUL 03).

INSTALLATION ABBREVIATION: Up to eight alpha numeric characters for the locally assigned abbreviation of the installation's officially designated name; e.g., Fort Benjamin Harrison abbreviated as Fort Ben.

FACILITY NUMBER: A code of five alpha numeric characters which represent the unique serial number assigned to a real property facility within an installation for identification through its life cycle, e.g. P0001.

REMARKS: At a minimum, include email address of the Primary POC and an Alternate POC for requested work.

INSTALLATION NAME: The official name of an Army real estate holding and the principal function as defined in the real property inventory, e.g., Fort Lee.

CUSTOMER NAME: The name or description of the user, occupant, owner of a facility, or the organizational activity authorized to submit a request for work consisting of up to 15 alpha numeric characters.

POC NAME: Name of the person responsible for specific work information about requested work consisting of up to 15 alpha numeric characters (Format - Last Name, First Name)

POC PHONE NUMBER: Phone number for POC of this particular work request consisting of up to 12 alpha numeric characters.

WORK DESCRIPTION: Description of work to include impact and justification.

AUTHORIZED REQUESTOR: The name of the individual who is authorized to request work.

SIGNATURE: Signature of Authorized Requestor.

Work Description

Enter Work Description...

Specific description of work to include impact and justification. Include a thorough description of the work required and a complete description of the location (i.e. back wall of the kitchen on the left near the kitchen sink). The more specific you are the better maintenance understands what you want and where you want it. For justification, please explain why the work is required. How does not having it affect your mission? If you reference security or safety – please attach a security or safety inspection. A good justification will determine whether the work request is processed or returned to the submitter.
